Dear Vacancy Committee:

I would strongly encourage you to appoint Janelle Rettig to the interim position on the Johnson County Board of Supervisors.

As a mother of two young children, I often find that I'm not able to stay current on all the important issues facing our community, thus; I rely on the decisions of elected officials to make good, sound choices that benefit our community. I've known Janelle now for about 10 years and I am continually amazed at her thirst for knowledge, her passion for politics, and her commitment to our community as evidenced by her extensive resume. If Janelle is appointed, I know that I can have the upmost assurance that my interests as a resident have been fully evaluated as Janelle is fair, open-minded, and never makes a decision without evaluating all the possibilities. I'm confident that Janelle's appointment to the interim position is a necessity for our community.

Thank you for your time.

Sincerely,
