TO: County Auditor, County Recorder and County Treasurer

RE: Appointment to the Board of Supervisors

I had a wonderful experience working with JANELLE RETTIG on the Citizens for our Land, Water and Future campaign to pass the Johnson County Land Conservation referendum. Every meeting Janelle planned, organized and ran, every session where we did mailings, every local group Janelle made a presentation to...with each act she brought our community closer to understanding the necessity to be planful stewards of our county land. She was focused, organized and effective and the referendum passed on the first attempt.

Janelle's efforts helped make this happen. She was not alone in her devotion to this project, but she was there at each point in the effort and her energy and commitment were indispensable to the passage of this important vote.

She would be a terrific appointee to fill the vacant seat on the Board of Supervisors.

Thank you,
Carrie Z. Norton
